Dave Townsend is a recognized authority on computer forensics and Cyber crime investigation, with more than 20 years of police & detective experience including many high profile assignments with the Silicon Valley High Tech Crimes Task Force and the FBI.

Dave is the principal computer forensic examiner and consultant with efor computer forensics. In this capacity he has the oversight of a global presence and overseeing projects within the United States including collecting digital evidence in Japan and India.

Dave is a former member of the FBI REACT Task Force where he investigated numerous high technology crimes as well as developed, designed and implemented training to investigators and staff on tools, resources and investigative techniques in computer crime.

Dave has conducted computer forensics on many large cases within the biomedical fields, global internet service providers, network hardware markets involving intellectual property theft, employment law and wills, trusts and probate.

Dave is a Licensed Private Investigator in the State of California and Certified Computer Crimes Expert by the State of California, Peace Officers Standards and Testing (POST). He has served as an expert witness in criminal and civil cases for the United States Federal Court San Jose, California; the Stanislaus County Superior Court; and the San Francisco County Superior Court.

Dave resides in Tracy with his wife of 17 years, Jackie and their three children.
